

GOOD VS. BAD ARTWORK FOR PHOTO POSITIVES

GOOD: Artwork is set to 100% black and print settings were adjusted to print as dark as possible.

GOOD: Image has been converted to vector format and is 100% black artwork.

GOOD: High quality logo in vector format.

BAD: Either the artwork wasn't set to 100% black or the print settings weren't adjusted to print dark.

BAD: Image is pixelated with shades of gray throughout the image.

BAD: Low quality logo in raster (pixels) format.
